CATEC
AGROCARE

Catec Emulsifier 50

Supplementary feed
for animals

Ingredients:

Crude fat 49,0 %

Crude ash 49,0 %

Raw materials:

soy lecithin, deoiled

clinoptilolite

Recommended dosage:

poultry: 0,4 - 2%

calves: 0,4 - 0,8%

fish and shrimp: 0,4 - 2%

Packaging:

20 kg bags

Storage conditions:

Due to hygroscopic nature of lecithin, this product should be kept below 25°C and max. 70% humidity.

Shelf life:

12 months

Catec Emulsifier 50

is a premix compounded by soy lecithin and carrier (clinoptilolite).

It is well suited for feed applications and achieves optimal stability and homogeneity of feedstuffs.

- + Emulsifier 50 improves compactness of feed pellets
- + Emulsifier 50 binds dust in feed mixtures
- + Emulsifier 50 improves intake and digestion of fats
- + Emulsifier 50 strengthens the immun system and improves metabolism
- + Emulsifier 50 reduces stress syndrome and shortens recovery time after work
